## Nazis' Plot For Risings In Africa

JOHANNESBURG, Nov. 5 (REUTER).—A NAZI PLOT FOR RISINGS THROUGHOUT SOUTH AFRICA, INCLUDING THE SABOTAGE OF FACTORIES, IS REVEALED BY THE NEWSPAPER, JOHANNESBURG STAR.

The plot also involved the exploitation of Portuguese East African mineral resources by German companies.

A German Legation clerk was a member of the Secret Police, thus having, in some respects, authority over every other German diplomat in South Africa.

The newspaper adds that a document found in the clerk's possession reveals that Herr Leitor, a German ex-minister, was also a prominent leader in this underground organization.

## U.S. To Spend Billion On Big Navy

WASHINGTON, Nov. 5 (REUTER).—It is announced that authorization for a new naval expansion plan, costing \$1,300,000,000, will be sought from Congress in January.

The plans call for 95 more warships and about 2,400 aircraft.

The new programme includes three aircraft carriers, eight cruisers, 52 destroyers, 32 submarines and 31 auxiliary vessels, according to Mr. Vinson, Chairman of the House of Representatives Naval Committee.

He added that in addition to aeroplanes, it was proposed to build 36 airships.

## Leaflet Raids' Objective Attained

LONDON, Nov. 5 (REUTER).—The admission that the British leaflet raids over Germany was a matter of widespread knowledge among the German population despite the rigorous measures taken by the authorities was made by Dr. Joseph Goebbels in a broadcast to the Hitler Youth this morning in every cinema in Germany.

"The stupid leaflets are unable to do us any harm," said Goebbels. He then took his hearers into his confidence and assured them that he was not too shy to use propaganda, even tendentious propaganda.

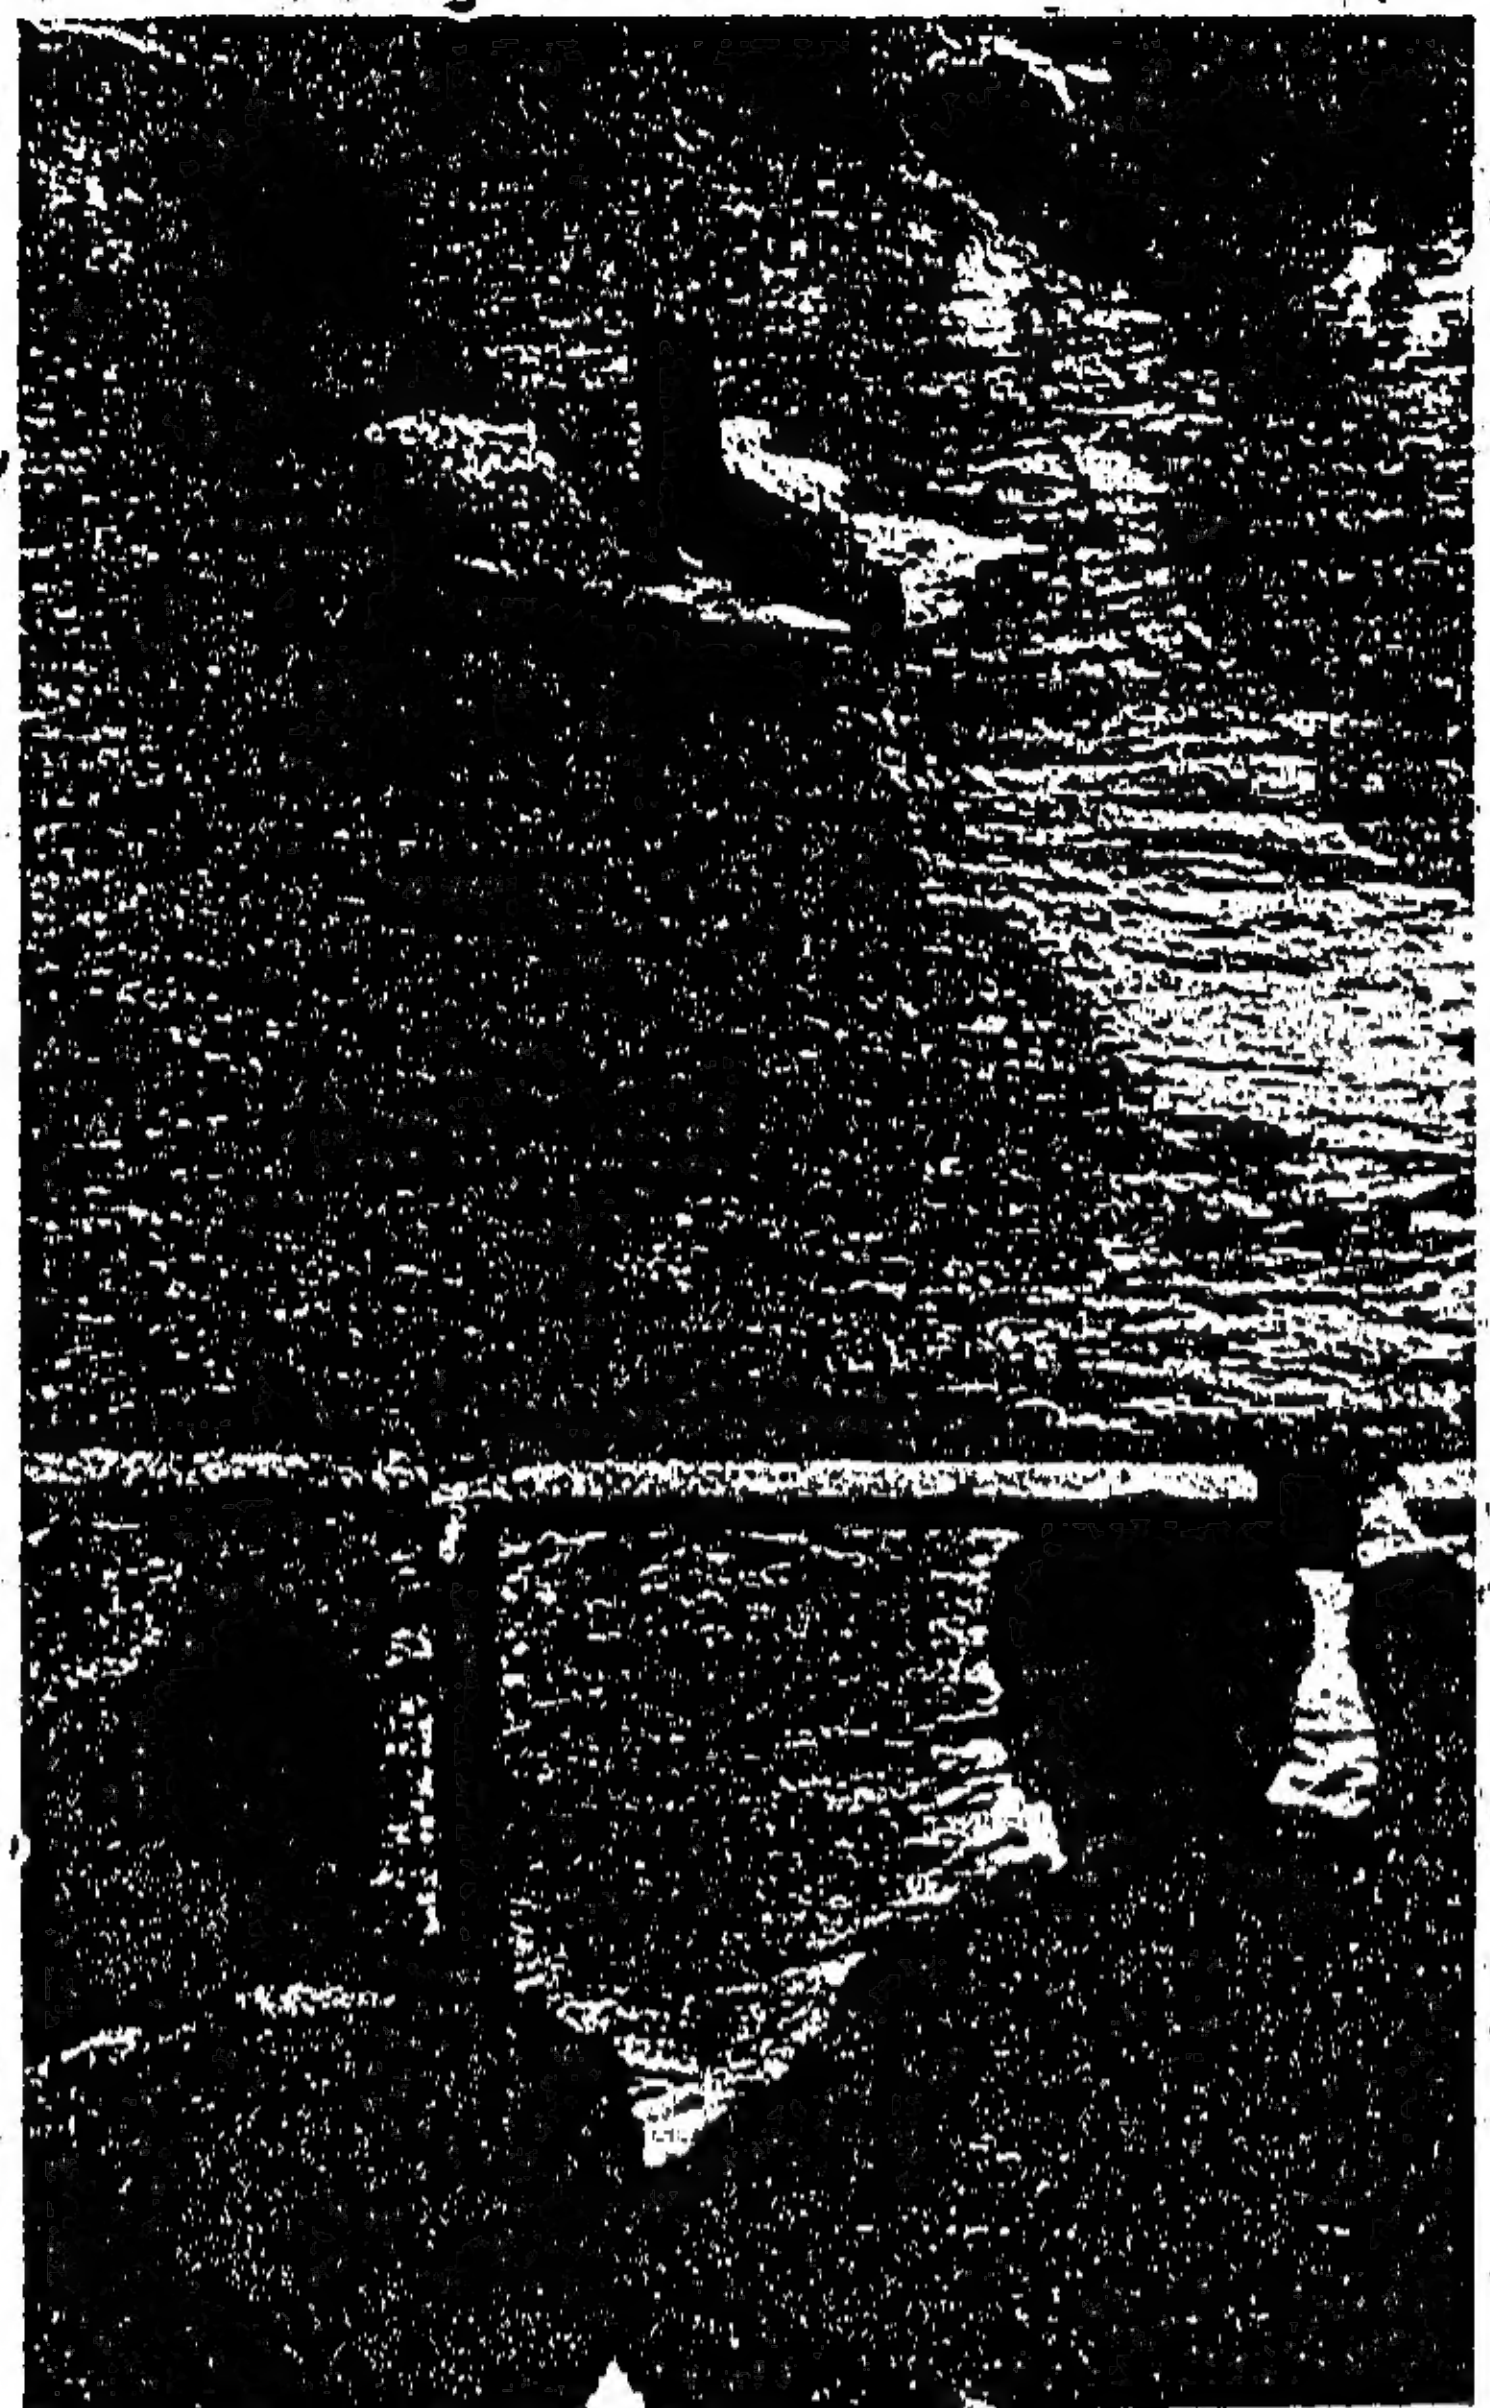

## CHANG WAI-CHEUNG IN HONGKONG

Gen. Chang Wai-cheung, magistrate of Chungshan District, yesterday gave a luncheon party in honour of the Hongkong branches of the National Women's Relief Association and the National Women's Association for the Promotion of the New Life Movement, the Chinese Women's Association, the Chinese Y.W.C.A., and the Hongkong Chinese Women's Soldiers Relief Association.

Gen. Chang reported on refugee relief in Chungshan and expressed thanks for the aid rendered by Hongkong women's organisations.

Gen. Chang returned to Chungshan yesterday.

## FRENCH SUBMARINE SINKS GERMAN STEAMER: BRITISH AIRMAN ATTACKS U-BOAT

BRUSSELS, Nov. 5 (REUTER).—A report in the newspaper, L'Evenir Colonial, of Leopoldville, reproduced by the Soir (Brussels) states that a German cargo steamer, the Togo, of 5042 tons, has been torpedoed by a French submarine off Lobito.

The Togo recently left Boma without disclosing her destination.

### SUBMARINE ATTACKED

LONDON, Nov. 5 (REUTER'S Special War Service).—While the Empire Ministers were visiting the Air Force Coastal Command headquarters today a message was received from a pilot over northern waters that he had sighted a submarine.

The pilot then flashed the message: "Have attacked, estimate one hit."

Then followed a detailed report: "I first sighted the submarine on the surface two miles on the starboard of bow. The submarine began to dive and I attacked downwind and the first salvo of bombs fell 50 yards ahead and I turned."

"The second salvo fell five yards short from the conning-tower, which was still visible. A bomb splash and the conning-tower appeared to be on the same spot. The sea is very rough and the wind is 50 miles an hour. All traces of the submarine were then lost."

### NEUTRAL SHIPS SUNK

LONDON, Nov. 5 (REUTER).—The sinking of two more neutral ships were reported today.

Fifteen survivors of the Norwegian ship Sig, which sank in the North Sea five minutes after an explosion, were landed at a port on the North-east coast. Three of the crew are missing.

The 11,000 tons Danish steamer Canada sank today following an explosion on Friday. Five tugs, during the night, tried to save her, but finally had to abandon the effort. The master of the ship reported that there was an explosion, the cause of which he could not tell.

The crew, numbering about 60, took to the boats, but as the ship did not seem to be in immediate danger of sinking, the captain and 13 other members of the crew returned aboard, but the vessel sank after they had been taken off by a lifeboat.

## Japanese Lose Two Machines In Air Fight

CHENG TU, Nov. 5 (Central).—What was described as one of the biggest air combats in the current year took place over Chengtu yesterday morning.

Fifty-four Japanese planes, in two squadrons, came to raid the Szechuen provincial capital. They were intercepted by Chinese pursuits over the northern suburbs. Attacked on several sides, they broke formation. Two bombers were shot down, and the rest soon beat a hasty retreat in a southerly direction.

### BACTERIA WAR DENIAL

CHUNGKING, Nov. 5 (Central).—Japanese broadcast allegations on Nov. 2 that the Chinese Air Force used "bacteria bombs" during the air raid on Kaifeng on Oct. 31 were categorically denied by a spokesman of the Military Affairs Commission in an interview yesterday.

The spokesman pointed out that not only has the Chinese forces never been equipped with bacteria bombs, but that the Chinese Government was, from the very beginning of the war, strongly opposed to inhuman chemical and bacteria warfare.

The spokesman recalled the fact that in previous occasions Japanese propagandists often accused the Chinese forces of using poison gas when the enemy troops were about to resort to chemical warfare themselves.

The Japanese propaganda has the dual objective of deceiving the uninformed and of screening their own atrocities, he said.

## SOVIET MOVE TROOPS TO FINNISH FRONTIER WHILE TALKS PROCEED

### NEUTRALITY BILL SIGNED

## JAPAN WILL NOT GET ARMS FROM AMERICA: LIKELY LEGISLATION

SHANGHAI, Nov. 5 (International).—The lifting of the American embargo on arms embodied in the passage of the Neutrality Bill does not mean that war supplies will be available to Japan, according to a spokesman of the State Department as quoted in a Washington report.

## New Moscow Shock For Hitler

PARIS, Nov. 5 (REUTER).—Another Russian shock for Herr Hitler is reported by the Paris Soir, which says that the objects of recent visits of Dr. Goebbels and Rudolph Hess to Poland was to find a Polish head for the Polish buffer state which Herr Hitler wants to form around Warsaw.

The Nazi's choice fell on Prince Radziwill, whom Soviet troops had taken to Moscow. The idea was that he should accept the post as the price for his freedom, but Moscow refused to liberate him and found his views too anti-Bolshevik for such a post.

This claim of M. Stalin's to have a voice in the Reich's choice greatly irritated Herr Hitler, but the Russians, says the Paris Soir, have gone further now and want to install Red troops in the buffer state, west of Warsaw, on the ground they must guarantee the strategic security of their new frontiers.

The German Ambassador to Moscow has strongly protested against these unexpected claims.

## JAPANESE STOP B. & S. SHIP

PAKHOI, Nov. 5 (International).—It is reported that the Butterfield and Swire steamer, Chingyuan, was stopped by two Japanese destroyers outside the harbour here on November 3, but was later allowed to continue her outbound journey.

## Orphan Vessel Is Term For City Of Flint, Now Freed

WASHINGTON, Nov. 5 (REUTER).—The City of Flint, which the crew described as a "marked ship," appears to have become rather an orphan vessel under the new Neutrality Law.

Congressional circles believe that the United States cannot now have any official interest in the ship, because, under the new laws, she will be technically sailing "at her own risk."

Officials of the Maritime Commission of Ships, however, declare that it will be logical for the City of Flint to proceed to Kirkwall to unload.

### ARRIVES AT BERGEN

OSLO, Nov. 5 (REUTER).—The City of Flint has arrived at Bergen flying the American colours and it is now stated that the German prize crew were removed under a Norwegian guard while the ship was at Haugesund.

An official statement confirms that the ship was anchored without permission and has no valid reason for this.

The authorities decided that she would be released, but the German crew was interned.

### NAZI PROTEST

BERLIN, Nov. 4 (REUTER).—Announcing the German protest to Norway, the official news agency states that the commander of the prize crew put into Haugesund for

The spokesman added that at the next Congressional session there will be likely legislation for an embargo on arms for Japan, but in the meantime no aid will be given to that country in the form of raw materials or arms.

### BILL SIGNED

WASHINGTON, Nov. 5 (REUTER).—President Roosevelt has signed the Neutrality Bill. Mr. Cordell Hull and a large group of Congressmen were present at the signing of the Bill at 5 p.m. (G.M.T.).

The President also signed a proclamation making the Bill effective immediately by formally declaring the neutrality of the nation and also a proclamation regulating the use of American ports and territorial waters by belligerent submarines.

The President used two pens, one of which he afterwards presented to Senator Pittman and the other to Senator Bloom, Chairman of the House Foreign Affairs Committee, who piloted the Bill through Congress.

There were much laughter in Mr. Roosevelt's office during the ceremony and the President seemed in high spirits.

### HULL'S GRATIFICATION

Mr. Cordell Hull, in a statement after the ceremony, said: "I am naturally gratified on the basic changes made in our so-called neutrality legislation."

"Through this year the Executive Department has urged the prompt enactment of these changes while appealing to the nations to preserve peace and to refrain from war."

"I desire to repeat emphatically what I consistently said, that our first and most sacred task is to keep our country secure and at peace. It is my firm belief that"

## Cajander Announces Country Is Prepared: Germans Are Anxious

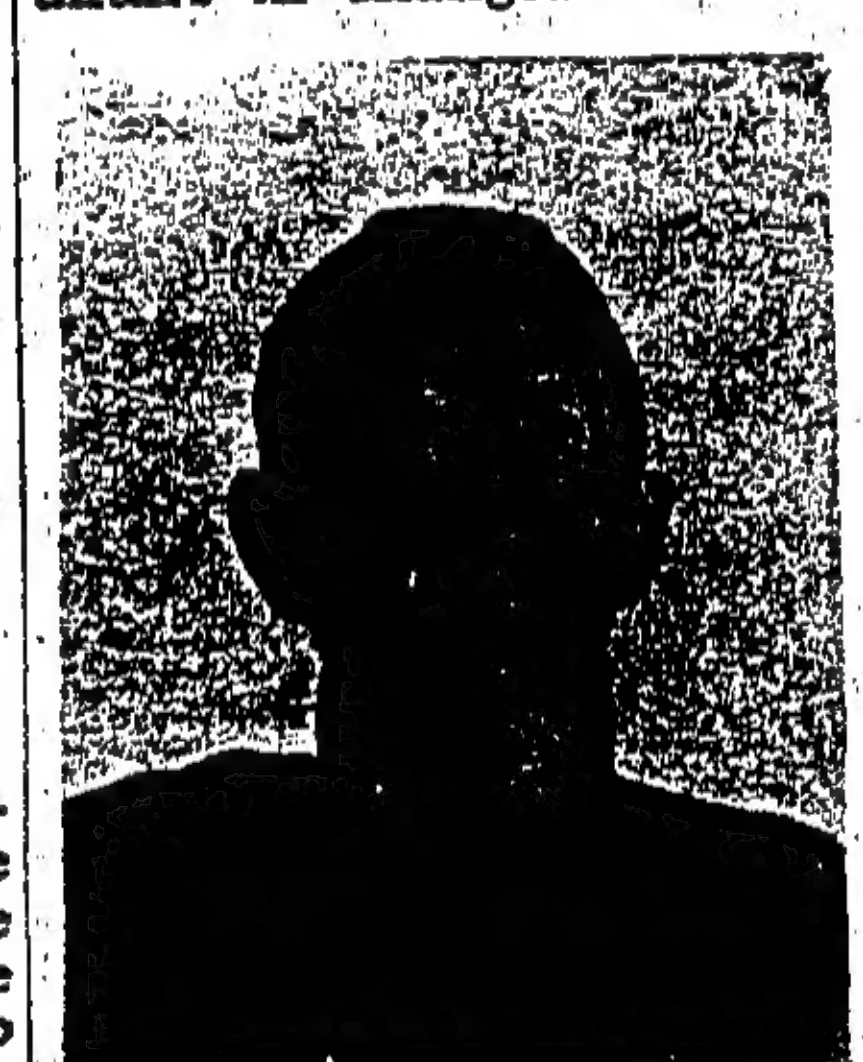

LONDON, Nov. 5 (REUTER).—According to the Rome Radio, 80,000 Soviet troops have been moved up to the Finnish frontier, in the region of Karelia.

FINLAND IS PREPARED IN ALL CIRCUMSTANCES TO DEFEND HERSELF, DECLARED M. CAJANDER, THE FINNISH PRIME MINISTER, IN A BROADCAST SPEECH TONIGHT, STATES A HELSINKI MESSAGE.

## Centenarian Patriot Dies

KWEILIN, Nov. 5 (International).—A report from Liangshan, Kwangsi, states that Mr. Ma Hsiang-po, the 101-year-old Catholic leader and member of the National Government, died yesterday.

A native of Tanyang, in Kiangsu Province, the late Mr. Ma was classical scholar and took charge of foreign affairs in Kiangsu. He was

MR. MA HSIANG-PO.

at one time president of the Peiping Government University.

The centenarian used to live in Kweilin, but owing to frequent air raids he removed to Liangshan.

### MAILED REVOLUTION

The late Mr. Ma represented the Manchukuo government in the negotiations for peace between China and Japan in 1935. After that, he retired from government service, but aided the 1911 Revolution and also gave active support to the Revolution of 1925.

After the Mukden Incident of 1931, he announced that he would devote his life to working for peace and unification as the internal policy of the country and opposition to Japan as the foreign policy.

### FAVOURER WAR

He was in touch with all the leaders of the National Salvation movement in Shanghai, and became especially prominent after the student movement of December 1936 when he came out for war against Japan.

The aged patriot was extremely active during his residence in Kwangsi and was very popular among the young progressives.

One of the leading Catholics in China, he gave his entire estate to finance the Aurora University in Shanghai.

The Assistant Postmaster-General reveals that not a single bag of outgoing mail has been lost so far by enemy action. (REUTER).

He took a strong exception to both the main Soviet demands.

Referring to the proposed cession of Finnish territory on the Karlian Isthmus, M. Cajander said that the Soviet purpose of making Leningrad invulnerable could not be achieved at the expense of Finland's security and the Soviet's concern at the position of certain islands, as well as the close proximity of the Finnish frontier, or to demilitarise the fortifications there.

Finland must consider her own defences.

M. Cajander described the proposal to create a Soviet naval base on Finnish territory at the entrance of the Gulf of Finland as inconsistent with Finland's integrity and independence and, moreover, the territory offered by the Russians in exchange, though extensive, was strategically valueless. Thus Finland's standpoint was directly opposed to that of the Soviet.

He emphasised Finland's desire to lead her own national life at peace with everyone and assured the Russians that Finland will never allow herself to be used as a "spring board for anti-Soviet aggression, and that Finland could not yield anything likely to jeopardise her neutrality of contentment anything which endangered her future co-operation with the Scandinavian States."

M. Cajander denied the Soviet suggestion that pressure had been brought to bear on Finland by the other powers.

### BERLIN ANXIOUS

Stockholm, Nov. 5 (REUTER).—Political circles in Berlin are anxious for Finland's fate and are tensely awaiting the outcome of the Soviet-Finnish negotiations, says the Berlin

## First Air Raid Over North France

BRUSSELS, Nov. 5 (REUTER).—There was an air raid in north France at 11 a.m. today in the neighbourhood of Lille, Roubaix and Tourcoing. Anti-aircraft fire was distinctly heard in Tournai, on the Belgian frontier.

Several planes were seen over the Lille district.

### LIGHT RECONNOITRING

PARIS, Nov. 5 (REUTER'S Special Service).—A War communiqué issued today says that on both sides light reconnoitring units have been active on the Moselle and the Saar fronts.

There was some artillery action by both sides to the east of the river Elbe; otherwise the night was quiet.

Heavy cannonades were heard in Luxembourg yesterday, but it was not able to check the position.

## SATURDAY'S VALLEY RACES MARKED BY SOME STARTLING UPSETS: BAFFIN BAY WINS ST. LEGER TO PAY \$410

### King Kong Is The Only Favourite To Succeed

Some startling upsets marked the Tenth Extra Race Meeting at the Valley on Saturday, and in only two instances was the win dividends under the \$50 mark.

Baffin Bay, the winner of the Fremantle St. Leger, paid \$410—the highest for the day—while the winner of the Sub-Griffins St. Leger, King Kong, returned only \$8.90. King Kong was the only favourite to succeed.

The racing on the whole was keen and punters were provided with some thrilling moments. There was one dead heat when Jober and Peaceful View tied for the Sussex Handicap.

The Daily Double yielded \$287.40 to each of 26 backers of the winning combination on Estover and The Leopard.

Messrs. S. L. Sung and L. B. Chao were the most successful riders, each bringing in two winners.

Following are the full results:—

**RACE ONE**  
Carrying nearly half the number of tickets on the pari-mutuel King Kong justified his support when he romped home an easy winner, beating Celtic Star, who was next in demand in the betting, by four lengths. Musketeer, who led the field in the early stages, finished third two lengths behind Celtic Star. Strathbannock was only able to finish fourth while Marksman was a bad last many lengths behind.

Cocoa's King Kong, 156 lbs. (Mr. L. B. Chao) 1

**RACE TWO**

Jennifer took the lead from a good start. Avon, the favourite, who was in close attendance, took command at the rock, followed by Humdrum Eve with Jennifer third. This was the order when the field entered the straight. In the home run Lilliber came through strongly to snatch victory by half a length from Humdrum Eve while the tiring Avon was placed third the same distance away. Red Feather came up well but could only take fourth place.

**RACE THREE**

The field was sent off in line and when the horses settled down Cockerel was seen in front with Devonian, Happy Landings and A Roaring Time in close attendance. This order was maintained when the horses passed the stands the first time and down the back stretch, the leaders keeping up a fairly fast pace. Baffin Bay (least fancied except for A National Victory) and Triumphant Day (hot favourite) moved up and lay handy at the home bend. In the final stretch Baffin Bay went on to win, successfully staying off a strong challenge from Triumphant Day who finished second, while Winifred, making a strong but late run, easily beat Cockerel for third place while Devonian was fifth. Happy Landings weakened badly and was last a long way behind.

Candlelight, although fairly well fancied, never had a chance with A. B. Proulx in the saddle. He might have fared better, however, with a more experienced rider.

Mr. L. Dunbar's Baffin Bay, 146 lbs. (Mr. H. S. A. Hearne) 1

## SOUTH CHINA "B" WIN THRILLING SOCCER MATCH AGAINST THE "DIEHARDS"

In a game full of thrills, in which football was seen at its best, South China "B" were lucky to defeat the Middlesex in the First Division League at Carpline Hill on Saturday. The Chinese won by the odd goal in five.

The soldiers opened the score with a neat one by Coomer from a pass by Saw. Within a few minutes the Chinese equalised through Yeung Shui-yick from just outside the penalty area.

From a melee in front of the Chinese goal, Tai got through and netted in a fast one. Play veered from side to side and a few minutes before the interval Tam Chui-kam scored the equaliser from less than ten yards range, and the whistle blew with the score two all.

## RUGBY FOOTBALL:

## United Services Beat Club By 6-3

### Paul, Stevens & Cessford Shine In Close Game (BY 'HOOKER')

In a very closely contested game on Saturday, the United Services defeated the Club by 6 points to 3 points at Sookun-poo.

Both teams had one change from the originally selected fifteen. B. Hynes came in for W. E. Peers in the Club Side and Sgt. Burrell replaced Lt. Pinkerton in the Services fifteen.

In the loose, the forwards again endeavoured to get Paul away but the majority of the game and the Club were slightly superior in this department, as they were much faster off the mark.

In the line outs and set scrums the Club also took the honours and it was only the determined work of the Services backs that held the Club "threes" in check.

**TAME TACKLING**  
The tackling by the Services forwards was very tame and Cessford made good use of his tricky swerve again and again by running straight through the Services forwards.

Stevens, at full-back, played his usual sterling game and his steadiness often saved the Services.

The Club "threes," although they had nearly all the ball, were never allowed to get going and Bidwell was tackled in possession on several occasions by Waite and the expected wing co-operation with Bosanquet never materialised.

**STERLING DEFENCE**  
Stewart, on the opposite wing, got few opportunities, but he played a sterling game in defence. The Services backs very seldom got the ball and some of Carter's passes were very wild. Paul and Waite having very trying times in their attempts to hold these.

Richards played his usual game on the left wing, but at times he was inclined to wander out of his position. Clark and Carter were always harassed by the Club wing forwards and only on very rare occasions were the Services forwards up on Henderson and Cessford.

**THE PLAY**  
The Club kicked off and the forwards immediately came into action, the ball went back to the Club "threes," but Bidwell, in attempting to get through, lost the ball and the Services were unlucky when they failed to score.

A good movement by the Club "threes" saw Bosanquet make an attempt to dash along the wing, but a fine tackle by Paul stopped his rush. Shortly afterwards the Club were penalised for "feet up" in the scrum and Paul, taking the kick from just inside the halfway line, placed it magnificently between the sticks and the Services were three points in the lead.

**LIVELY RUGBY**  
From the kick-off the forwards played lively rugby and a receiving kick by the Club saw Stevens move up with the ball into the "threes," who, after running well, passed to Waite, who was well grassed by Bidwell about ten yards from the line.

The Services were pressing hard and, although the ball was not coming out very cleanly, Waite

## Excellent Softball Yesterday

### H.K. BASEBALLERS HOLD MINDANAO (By "R.O.Y.")

Contrary to expectations the three games on the C.B.A. ground yesterday turned out to be the grandest entertainment afforded softball fans this season.

The best performance was given by the Hongkong Baseball Club when they held the Mindanao to a two-run margin, while Recreio "B" made certain finishing the First Division of the League when they played perfect defensive to trounce Mindanao.

**FINE DISPLAYS**

Tony Alves got two hits, while Mike Mendonca came to life with a two-bagger. Tony Pereira surprised with an excellent display at third base. Braga and Al Alves were brilliant at second and third base respectively.

Badrack and Thomas were the Mindanao's best hitters with two apiece and Chase provided a grand play at the Keystone sack.

The C.B.A. were unfortunate to lose to the I.A.C. having held the lead until the final frame. Sawyer played a sound game at first base while Higgins amazed the crowd with excellent pegging at second base. Manning gave a good exhibition of fly-charging at centre field.

The I.A.C. started with their second string, but were forced to use their best line in the third innings after the C.B.A. had shown such good form. Sprinkle garnered two hits in that frame and bagged three runs with a double in the fifth.

**ILLEGAL PITCHING**

The Canadian Chinese took things easily in anticipation of an easy match against the Formers. Denham Cray was pulled up for illegal pitching early in the game and had to be relieved by Herbie Quon, who registered seven strikeouts in the remainder of the game.

Even with Hongkong's star batter on the mark, the Formers fought out a bitter struggle and threatened in the last frame when they were left with two-away, only for the final batter to fail in his attempt to bring his team-mates a win.

**GOOD FIGHT**

The Hongkong B.A. Club and V.R.C. game was featured by the good fight put up by the losers for the first three stanzas, but they finished well in arrears. Stan Leonard batted a homer for the winners and Wilfred Lawrence replied for the losers.

Recreio "A" once again had an easy outing and finished 24 markers in front of the Emma Gees who put a dismal display in committing four bobbles.

## FOOD VALUE OF FISH: CHOOSING & COOKING

SCIENTISTS HAVE NOT YET FINALLY DECIDED WHETHER IT IS ABSOLUTELY ESSENTIAL THAT A DEFINITE PROPORTION OF THE PROTEINS EATEN SHOULD BE OF ANIMAL ORIGIN. Some hold that proteins solely of vegetable origin, if obtained from different sources, are adequate for good nutrition but all agree that it is highly desirable, if not essential, especially in the diet of the young, to include a certain proportion of protein of animal origin.

Milk is perhaps the ideal way to supply this protein but everyone cannot afford enough to satisfy their need. The cheapest form of animal protein and in the case of the vast majority of the Chinese the only form that can be afforded, is fish.

Fish, in addition to supplying proteins of first class nutritive value, supply certain other essentials for healthy life including vitamins A and D, phosphorus, calcium and iodine.

Recently the Committee on Nutrition in the Colonial Empire appointed by the Prime Minister made these two statements. "Fish is perhaps the one animal food which is, or could be, most often included in colonial diets, and 'Fish' is a most valuable foodstuff and we regard it as most important that the supplies of fish in and around colonial waters should be developed to the maximum possible extent."

**NUTRITIVE VALUE**  
Any fish is better than none, but some are of more nutritive value than others. Fresh fish is better than dried and salted fish, but tinned fish is nearly as valuable as fresh. Fresh fish is infinitely preferable to stale fish and, as the dark fleshed fish with a high fat content do not keep so well as the white fleshed fish which contain less fat, care should

be taken in the selection and purchase of fish.

Shellfish are also excellent, especially oysters which are rich in iodine and contain 11 per cent. protein and 3 per cent. fat; they should never be eaten raw. Crabs, crayfish and prawns have very little fat but are also good sources of protein.

**MANY VARIETIES**  
On a fish-stall in England a dozen or at the most twenty species of fish are exposed for sale, but in Hongkong on any one day in the year there are about a hundred varieties of fish available. With this wealth from which to choose it is perhaps not surprising that little choice is made and the housewife, having learnt half a dozen names, confines her selection to these.  
Groupers, pomfret, Macao Sole, "White Salmon" and snapper are commonly purchased. How many look for sardines, herrings, mackerels, anchovies, mullets, all of which can be obtained in season.

In the list which concludes this article about thirty fish are included and the Romanized form of the local Cantonese name for each is given. In the table below are given in brief the characters of fresh and stale fish.

#### OBJECT OF COOKING

A few words about the cooking of fish may not be out of place. The object in the cooking of a protein-rich food is to coagulate the proteins. This occurs at 140 deg. F. and, therefore, any temperature between this and boiling point is as effective as cooking in boiling water.

The amount of water used should be kept to a minimum as certain of the constituents are soluble and are partly lost in the water, (e.g. up to 40 per cent. of the mineral salts) unless it is utilised as stock for soup. Fish so readily loses its flavours in the process of cooking that it is best to employ some method by which these are conserved.

#### CHOOSING FISH

FRESH FISH	STALE FISH
Mouth Gills Eyes Pupils Cornae Skin Flesh Abdomen Back Smell Taste	Closed Greyish, and slimy Sunken Greyish Cloudy Dull colours faded Not so firm. Easily removed from bones. Soft and pulpy Reddish Strong, stinking Very little and poor
Dark fleshed fish must be QUITE FRESH	White-fleshed fish KEEP BETTER

#### SELECTED MARINE FISH

**White Herring:** February to May. A very nutritious fish slightly oily, usually rich in vitamins (very bony however); common size 12 to 20 ins. Steam or bake.

## Borrowed To Pay Interest On Loans: Examination In Bankruptcy

### INSURANCE CLERK & MONEY-LENDERS

In the Supreme Court on Saturday before the Chief Justice Sir Athol Macgregor, the public examination in bankruptcy, of Mr. Omar Hussain, a clerk, employed by the Union Insurance Society of Canton, was heard.

In reply to Mr. L. R. Andrews, Official Receiver, the petitioner said that he was 27 years of age and was born in Hongkong. He left school in 1930 and joined the Kowloon Wharf and Godown Company, after which he entered the service of the Union Insurance Society of Canton in 1932.

#### \$90 A MONTH

When he joined his salary was \$50 a month now he was earning \$90. He contributed \$4.50 monthly to his Provident Fund and had no allowances.

As a member of the Police Reserve, he received payment when on duty which came, roughly, to \$20 monthly. Last month he received \$18. All his creditors were money lenders and none had sued him.

#### SIGNED FOR \$350

In January, 1937, he borrowed \$175 from a money-lender and signed for \$350. The rate of interest was 5 per cent. a month. He borrowed because his wife was ill and his first child had recently been born.

He married in 1938. He had no record of the interest he had paid on this loan. In June, 1937, he borrowed \$100 from another money-lender. He signed for double the amount.

The rate of interest was 10 per cent. for the first 10 months and it was then reduced to 5 per cent. a month.

Shortly afterwards, he borrowed another \$100. He did so because he could not keep up with the payment of interest on the other loans, and because of sickness in his family.

In 1938, he borrowed \$50 from Basant Singh and signed for \$100, at the rate of 5 per cent. interest a month. His creditor sued him, but withdrew the summons when petitioner told him that he might lose his job if the office knew.

His firm, now knew of his entanglements with money lenders. In April, 1938, he borrowed from four other money lenders all with the object of paying the interest on previous loans.

His total liabilities were \$1,880 on paper, but \$955 in actual money received. As far as he could remember, he had paid, in all, approximately \$1,200 to money lenders.

In reply to the Chief Justice, petitioner said he told his employers of his affairs in August, and was advised to apply for bankruptcy.

His Lordship pointed out that he kept on borrowing with the full knowledge that he could not pay.

#### ORDER REFUSED

Puran Singh, a tailor, of Whitefield Barracks, was refused an adjournment order by the Chief Justice.

Puran Singh said that on September 7 judgment was given against him for a sum over \$3,000. In that action he was represented by a solicitor. His assets were nil and he was at present earning between \$40 and \$50 a month.

His Lordship said he recalled the case in which judgment was given, and was not inclined to make the order.

## AMERICAN EXECUTED IN GERMANY

## NO ACTION BY U.S.A.

WASHINGTON, Nov. 4. (Reuter)—The State Department announces that the German authorities in Poland have executed an American citizen, Josef Sadowski, who was serving in the Warsaw city guard.

## ARMS CHARGE

The United States consul in Warsaw cabled stating that Sadowski was convicted by court martial on a charge of concealing arms and ammunition, and was executed on Oct. 20.

The German authorities stated they did not know Sadowski was an American until after the execution.

State Department officials indicate that in view of the circumstances they do not contemplate diplomatic action.

have taken place in this position. The opening up of unlimited markets for arms sales has led the major industrial interests to fight against all proposals for an embargo and seek a free sale for their products. Those, on the other hand, who believed that war could be avoided if a true peace front of the democracies had been organized in time are now fearful lest America be drawn into the armed conflict that has already begun.

UNLESS SERIOUS INCIDENTS OCCUR endangering United States neutrality in the military sense, however, it is not likely that the controversy regarding foreign affairs will flare up again in the near future. Politically, both sides are preparing for the 1940 Presidential election. Republicans and Old Guard Democrats seek to unite against the New Deal administration and, since the struggle between reactionaries and progressives cuts across the traditional party labels, it appears certain that the battle will be joined before the election itself in the primaries and convention of the ruling party. Vice-President Garner, a Democrat, is one of the outstanding figures in the anti-Roosevelt line-up. On the other hand, progressive Republicans like New York's Mayor La Guardia, the great majority of the rank and file Democratic voters, and great industrial labour unions are the mainstays of a "third term for Roosevelt" campaign which is based so much on the great personal popularity of the President as on the determination that the New Deal's concessions to the common man shall not be annulled.

BEFORE THE OUTBREAK of the war the strongly isolationist group was more or less closely identified with the Republican party, and through it with those whom President Roosevelt has more than once described as economic royalists determined to thwart every progressive tendency in the domestic and foreign policy of the land. Ceaselessly shouting for "non-involvement" in foreign entanglements, these interests sold arms, with splendid impartiality, to every war-maker throughout the world, while at the same time they opposed any and all Government action to distinguish between aggressor and victim and to throw the tremendous weight of America's economic and diplomatic power on the side of those working for the preservation of peace. On the other hand, Democratic "New Dealers" and other progressive groups stood for a positive peace policy untrammelled by "neutrality" legislation tending to act as an advance guarantee to would-be aggressors that, whatever was said in Washington, America could not legally intervene to curb their ambitions.

WITHIN THE LAST TWO MONTHS, significant changes

The death has occurred of Mr. Hugh Guthrie, former Canadian Minister of Defence. (Reuter).

## MISS YEUNG SAU-KING WEDDED

Two well-known personalities in Chinese sporting circles were united in marriage yesterday at St. Margaret Mary's Church, Happy Valley, when Miss Yeung Sau-king, national aquatic champion and member of the Chinese Olympic swimming team, became the bride of Mr. Tao Ber-lin, popular jockey of Hongkong and Shanghai.

The wedding was a quiet one, and was attended by the families and intimate friends of the couple. The bride did not have any attendants, while groomsmen were Messrs. Choa Ke-min, and Ye Yuchen.

A reception was held at No. 6 Fort Street, the residence of Mr. Yeung Chu-nam, father of the bride, after the ceremony.

## WEIR - WAUGH

One of the prettiest weddings of the winter season took place on Saturday at St. John's Cathedral, when Miss Margaret Winifred Grace Waugh took her vows of marriage with Mr. Arthur Gordon Weir. The Reverend J. L. Wilson performed the ceremony.

Miss Waugh, daughter of Mr. and Mrs. James Waugh, Gilsland, Cumberland, England, passed down the aisle on the arm of Mr. W. Park. Attending the bride was Mrs. W. Park, Matron of Honour, and Miss N. Mackie, bridesmaid.

The groom, son of Mr. Arthur G. Weir, Birkenhead, Cheshire, England, was attended by Mr. Norman Gunning, best man.

The bridal costume, created by Mdm. Sophie Costides, of Eunice, was fashioned of white tulle. A plain-fitted bodice, with long sleeves full above the elbow, had a very wide skirt gathered at the waist. The bride veil was caught at the head by orange blossoms. The bride's bouquet was composed of Honolulu creepers and cosmos.

A reception was held at No. 7 Tregunter Mansions, after which the newly weds left for the Repulse Bay Hotel for their honeymoon.

## NEWTON - WONG

Lance-Corporal Sydney Frank Newton and Miss Mary Wong were married at St. Andrew's Church on Saturday, the Rev. J. R. Higgs conducting the ceremony.

The bride was unattended, while the groom was attended by Messrs. John Rimmer and Ronald T. Turner.

Intimate friends of the bridal couple were entertained at an informal reception later at the home of the bride, No. 488 Nathan Road.

## Lawn Bowls Dinner

## BRADBURY ON GREENS

"It is my privilege and great pleasure to hand over to you the Prentiss and the Shanghai flag. I should add 'for your safe custody.' I was asked by Shanghai to warn you that this 'safe custody' would, they hope, be of very short duration."

With these words Mr. B. W. Bradbury, captain and manager of the Hongkong Lawn Bowls Association Interport team, handed over to Dr. J. T. Smalley at the Interport Dinner at the Hongkong Hotel on Saturday night the trophy won by Hongkong.

About 120 members and guests were present. The Chair was taken by Dr. Smalley, President of the Association, and among those present were His Excellency the Governor, Sir Geoffrey Northcote, the Chief Justice, Sir Atholl MacGregor, Mr. Justice R. E. Lindsell, the Hon. Mr. N. L. Smith and the Hon. Mr. S. H. Dowdell. Congratulating the Interport team, His Excellency the Governor said it was really a splendid victory. It was the excellence of the skipping, rinking and captaining that brought victory to Hongkong. "I feel proud that this trophy has come back to us," His Excellency concluded amid applause. "We propose to hang on to it!" The toast to the health of the team was drunk amid loud cheers.

## "HOW WE DID IT"

Mr. B. W. Bradbury, on behalf of his team, spoke on "How we did it." He was commissioned by the Shanghai Lawn Bowls Association, Mr. Bradbury said, to convey to the Hongkong Association on this occasion their greetings and to congratulate them on winning the ashes.

Shanghai had heard that Hongkong greens were very slow, he said. Shanghai greens were, of course, much faster. To make things more awkward, therefore, they practically shaved the greens, so that there was very little grass at all, and then rolled them continually. The result was that the greens were almost like glass—and Shanghai could not themselves play on them. This was Shanghai's mistake.

He thought local green rangers should take note of this, for Hongkong, too, had a tendency to make its own greens abnormal for interport matches, whereas normal greens would benefit local players.

## TO BOWLER'S MEMORY

Following Mr. Bradbury's speech, Mr. T. Armstrong presented to the Hongkong Lawn Bowls Association, on behalf of the subscribers, the Phil Knight Memorial Cup. The Cup is to be held by the Open Singles Champion each year.

Mr. Armstrong said, "Most of you are well acquainted with Phil and it is the hope of the donors, over a hundred in number, that this cup will help to perpetuate the memory of a good bowler and true sportsman."

In proposing the toast of "Our Guests," Dr. Smalley took occasion to thank His Excellency the Governor on behalf of all Hongkong bowlers impetus he had, by his interest, given the game of bowls in the Colony.

In replying to the toast to "Our Guests," Sir Atholl MacGregor spoke in humorous vein of his own experiences as a "wood pusher."

Mr. Justice Lindsell also spoke.

## DEFENCE (SALVAGE) REGULATIONS

In exercise of the powers conferred by the Emergency Powers (Defence) Act, 1939, as extended to the Colony by the Emergency Powers (Colonial Defence) Order in Council, 1939, His Excellency the Governor makes the following regulations.

The conduct of salvage operations in the Colony and its territorial waters without the prior consent of the Governor, signified in writing under the hand of the Colonial Secretary is prohibited.

The granting or withholding of such consent shall be in the absolute discretion of the Governor.

The provisions of the Defence Regulations, 1939, of the Colony shall apply for the purpose of the enforcement of these Regulations, and otherwise in relation thereto, as if these Regulations were included therein.

(BY A. W. HYER)

The travel business over the week-end had little to offer. Weddings, garden fetes and the races were the concentration points during the past 48 hours. However, today you will note one of the Empress steamers at a pier, having deposited quite a few passengers on our shores and an abundance of mail.

Pan-American Airways wish to call the public's attention to the revised schedule of their services. Commencing this week, the Clippers from San Francisco via Manila will be arriving on Tuesday afternoons, and will depart on the return flights on Wednesday mornings.

## Imperial Airways

## OUTWARD AND SOUTHBOUND

to Bangkok, Sunday, 7 a.m.

Mr. A. H. Odling, the very nice Englishman lately arrived from the United States by the Honolulu Clipper, departed on the last lap of his round-the-world-by-air journey. This visitor, flying to his base in Calcutta, was very thrilled over his air journeys in Europe and America, and is now definitely "sold" on commercial aviation to get him places.

Two Chinese passengers travelling south to Bangkok departed on the outward service. Their names were not divulged. Mail load on the morning plane totalled 127 kilos.

## Inward Service

## THE WEEK-END, Inward service

of Imperial Airways arrived at Kai Tak, 4.35 p.m. Mail from all Empire ports totalled 108 kilos.

Mr. W. Wood, a member of the Asiatic Petroleum Co.'s organization, returned from a business expedition in Rangoon. Evidently his business was splendid and he was happy to be back home, from his happy smile. The air trip was fine!

Captain R. S. Namli, an official of the Indian Government, with his headquarters and residence in Hong Kong, is passing through the Colony en route to the United States. This distinguished gentleman is expecting to depart Wednesday by Clipper for San Francisco.

## Motorship Traffic

WHEN THE LARGE Dutch motorship de luxe left harbour late the other afternoon, the passenger list was not a long one, but several local residents were voyaging to southern ports.

Mr. and Mrs. C. Castle, connected with the Hongkong and Kowloon Wharf and Godown Co., Ltd., are off on a well deserved holiday. These popular and well-known residents will take a round-trip to Capetown.

Mr. and Mrs. D. S. Green were another group of very nice travellers. These passengers were destined for disembarkation at Bangkok where Mr. Green is connected with the Thailand Government.

Mr. J. A. H. Goosen, an official of the Dutch steamship company, was travelling down to Singapore on business calls by his company's motorship.

Mr. and Mrs. Eu Eng Leong and their two sons, en route to Singapore, were very busy entertaining their many Chinese friends who had come out to the anchorage to speed them on their way. So rushed were their farewells that a state of gay confusion existed.

Mr. and Mrs. E. P. J. Fetz, visitors of some weeks in Hong Kong, embarked on the Dutch motorship for a trip to Manila. They were very pleased with the modern and comfortable accommodation and were discussing seriously an extended journey to Africa.

## CHRISTIAN GROUP TO ADVISE ON CHINA'S CO-OPERATIVES

CHUNGKING, Nov. 3 (Central)—A Christian co-operative Advisory Committee has been appointed by the West China Branch of the National Christian Council, charged with the task of seeking for a spiritual revitalization of the co-operative movement in China.

The key man of the scheme is Mr. T. H. Sun, Secretary of the National Christian Council in charge of its West China branch. Prior to his coming to Szechuen, Mr. Sun had contributed immensely towards the work of rural reconstruction and training of wartime administrators in Kiangsi province.

In seeking the spiritual revitalization of the co-operative movement in China, the Christian co-operative advisory group is first to undertake exhaustive research. Christian literature on co-operation will be made available to the public through church publications and organs of the co-operative movement.

Efforts will be made by Christian and church groups to exercise their influence upon existing co-operative societies, especially through leadership and example of individual Christians holding membership in the societies, and to start experimentation in such non-economic fields as co-operative medical service, recreation and education.

For the training of personnel, the committee may start training institutes for co-operative promoters and organizers. The model co-operative district at Pishan will serve as a demonstration centre where training programmes will be carried out.

These include a co-operative high school modelled after a Danish Folk High School where poor boys otherwise unable to continue their education will be admitted.

## AMERICAN SCENE

THE FINAL promulgation of the revised Neutrality Act makes it quite clear on what side of the scales American influence has been thrown in Europe, although its results in the Pacific are far more debatable. The breathless interest with which the whole world watched the congressional proceedings which led up to this result has made it evident that the internal politics of the United States are now not the concern of America alone but have the profoundest effect on the course of the wars in Europe and the Far East and the entire future development of the international situation as a whole.

BECAUSE OF THIS, it is necessary, now more than ever, to keep abreast of internal developments within the country and the shifts that have taken place in American public opinion.

BEFORE THE OUTBREAK of the war the strongly isolationist group was more or less closely identified with the Republican party, and through it with those whom President Roosevelt has more than once described as economic royalists determined to thwart every progressive tendency in the domestic and foreign policy of the land. Ceaselessly shouting for "non-involvement" in foreign entanglements, these interests sold arms, with splendid impartiality, to every war-maker throughout the world, while at the same time they opposed any and all Government action to distinguish between aggressor and victim and to throw the tremendous weight of America's economic and diplomatic power on the side of those working for the preservation of peace. On the other hand, Democratic "New Dealers" and other progressive groups stood for a positive peace policy untrammelled by "neutrality" legislation tending to act as an advance guarantee to would-be aggressors that, whatever was said in Washington, America could not legally intervene to curb their ambitions.

WITHIN THE LAST TWO MONTHS, significant changes

## U.S.-JAPAN RELATIONS

### MR. JOSEPH GREW SEES FOREIGN MINISTER

TOKYO, Nov. 4 (Reuter).—The United States Ambassador, Mr. Joseph Grew, had a lengthy interview with the Foreign Minister, Admiral Nomura, today.

Mr. Grew is reported to have made representations similar to his public speech on Oct. 19, with the addition of specific cases.

The conversation it is learned, was purely informal, but covered the whole field of Japanese-American relations in a constructive manner.

#### POLICY IN CHINA

The Premier, General Abe, went to the Palace at 11 o'clock this morning and made a detailed report to the Emperor upon the Government's policy for coordination of Sino-Japanese relations as reached by the China Affairs Board conference on November 1.

#### PRESS ASSERTION

TOKYO, Nov. 5 (Reuter).—Despite a Foreign Office communique stating that the Grew-Nomura interview was informal, the Japanese press features the interview as the "first session of the long-pending discussion for regulation of Japanese-American relations."

The Asahi Shimbun asserts that the American Ambassador handed Adm. Nomura an aide memoire which was practically identical to the nature of his speech on October 20 and summarized that it was difficult for the U.S. Government to approve of the new situation in the Far East and that it is at present holding the view that the "New Order in East Asia" was intended to establish a dominating position for Japan in the Far East with economic exclusivism conflicting with the principles of the Open Door and equal opportunity.

It also states that the U.S. Government is feeling that America's historic rights and interests are thereby infringed, while public opinion in the United States is most indignant over the bombings and other atrocities.

### HURRICANE DAMAGE

KINGSTOWN, Nov. 4 (Reuter).—Great damage has been done in Jamaica by a hurricane which passed near the island in the last few days. Over 1,000,000 banana trees have been blown down and roads and houses are badly damaged.

## SUPER-GESTAPO TO WATCH GESTAPO

PARIS, Nov. 5 (Reuter).—According to a Havas message from the German frontier, high Nazi Party circles are so discontented with Hitler's pro-Russian policy that Herr Himmler has instructed Von Heydrich to form a super-Gestapo to watch even the Gestapo itself.

The new organization, it is stated, will consist of 120 officials whose names would be kept secret and who would be given the fullest powers, including that of authorizing assassinations, and would be only responsible to Himmler and Heydrich personally.

### SPIRITUAL LEADERS TO VISIT CHUNGKING

CHUNGKING, Nov. 5 (Central).—Tseh-Chuen-Lin Hutuketu, younger brother of the late Panchen Lama of Tibet, is coming to Chungking from Lanchow by plane to interview the Central authorities.

Chang Chia Hutuketu, Pacification Commissioner for Mongolia, is also coming to Chungking from Chengtu.

### INDO-CHINA RAIL CLOSING DENIED

KUNMING, Nov. 5 (Reuter).—The rumours that the French Indo-China authorities are closing the frontier against traffic to and from China have been denied by Yunnan officials, according to reports published here.

French precautionary measures taken owing to the European war have been responsible for those, it is stated.

## NEW DELHI TALKS

### RESIGNATIONS CONTINUE

NEW DELHI, Nov. 4 (Reuter).—The conversations between Mr. Gandhi and the Viceroy continued this morning, the meeting lasting two hours.

This afternoon Mr. Gandhi also saw the President of the Moslem League.

#### MORE RESIGNATIONS

Meanwhile a fifth Congress Ministry has resigned, in Orissa province.

The others were Bombay, Bihar, United Provinces and Madras.

#### TALKS CONTINUING

NEW DELHI, Nov. 5 (Reuter).—The Viceroy continued discussions with Mr. Gandhi this morning and later Lord Linlithgow saw Mr. Jinnah.

Mr. Gandhi and Mr. Prasad are leaving for Wardha this evening. With the departure of Mr. Gandhi and Mr. Prasad the discussions have concluded, although Pandit Nehru intends shortly to resume talks with Mr. Jinnah on communal aspects.

The fact that the Viceroy interviewed Mr. Gandhi and Mr. Jinnah separately is taken to indicate that the Congress discussions with Mr. Jinnah failed to produce an appreciable alteration of the respective viewpoints.

### CITY OF FLINT

Continued from Page 1

#### NOW IN BERGEN

OSLO, Nov. 4 (Reuter).—The City of Flint is now in Bergen, and she will later proceed, possibly, to Scotland.

Meanwhile the United States Minister to Norway said the release of the steamer would be greeted with the greatest satisfaction in America.

The German diplomatic representative has been instructed to protest to Norway against the City of Flint developments.

#### "RATHER STORMY"

A Norwegian spokesman said today that while Norway was naturally concerned over the German reaction to the City of Flint developments, Norway could not permit the continued violation of her neutrality.

In Berlin, the Wilhelmstrasse considers that the commander of the Nazi prize crew was "the victim of his own humanitarianism."

The Norwegian spokesman in Oslo, asked if he thought the City of Flint would be seized a second time, said: "Well, it's rather stormy out there just now!"

#### FLYING U.S. FLAG

WASHINGTON, Nov. 4 (Reuter).—The United States Minister to Norway has informed the State Department that the City of Flint is now flying the American flag.

#### RELIEF IN U.S.

Officials express relief over the release of the City of Flint.

It is unofficially pointed out that Norway's action coincides with the United States interpretation of international law and the statements to the Soviet Union while she was detained at Murmansk.

#### NAVAL ACTION

COPENHAGEN, Nov. 4 (Reuter).—According to information received here a party from the crews of the two Norwegian warships accompanying the City of Flint boarded the American steamer and seized the German crew for internment.

#### NO VALID REASON

OSLO, Nov. 4 (Reuter).—The Norwegian Admiralty statement says: "The American vessel City of Flint, with a German prize crew on board, had been granted permission to use Norwegian territorial waters along the coast from Tromsø."

"The City of Flint arrived at Haugesund on Friday afternoon with two Norwegian warships, and anchored without permission."

"No valid reason existing for the vessel to call at a Norwegian port, the Norwegian authorities decided that she should be released and the German crew interned."

### FOREIGN REPORTS DENIED

CHUNGKING, Nov. 4 (Central).—The Central News Agency is authorized to deny recent foreign reports to the effect that arms captured by Germany and the Soviet Union in Poland will be shipped to China in exchange for Chinese mineral products. These reports are entirely groundless.

## CHINA WAR REPORTS

### PLAN ATTACK ON SHUMCHUN

Chinese armed units are reported to be arriving in Po On and Shumchun in increasing numbers for a counter-offensive. In addition to regular troops, there are also militia corps and guerrilla units from Walchow, Foklo, Po On and Tunkun sectors.

Street fighting also took place at Nankuoehen, southeast of Wensi in south Shansi, on the night of Oct. 29. The following morning the Japanese were driven out and retired in a northwesterly direction. Chinese have now pushed their way to Yung-Lingchwang, southeast of Wensi, where they are engaged in "mopping up" operations.

Under a protective barrage 500 Japanese launched an attack on Juicheng on the north bank of the Yellow River, in south Shansi, on Nov. 2. In the face of stiff Chinese resistance they failed to make any headway.

### JAPANESE LEAVE AMPOW

WAICHOW, Nov. 5 (Int'l).—Ampow, north of Swatow, on the Swatow-Chaoan Railway, was evacuated suddenly by Japanese and puppet forces on November 2.

Fishermen in Nan Ao Island off Swatow are permitted to go to sea to resume their calling but are required to fly Japanese flags. It is reported.

### EXTENSIVE TROOP MOVEMENTS

CHANGSHA, Nov. 5 (Int'l).—Large numbers of Japanese reinforcements have arrived at Taiyeh, southeast of Hankow, and it is reported that four more divisions are proceeding to that town en route to Kluksiang for the Hsiangshui front, in northwest Kiangsi.

Two divisions reached Yoyang in north Hunan yesterday. These troop movements herald big scale fighting in north Kiangsi and Hunan in the near future.

### JAPANESE LOSE TWO PLANES

Continued from Page 1

#### RAIDS ON TIENPA

SEENKUAN, Nov. 5 (Int'l).—Japanese warships and bombers dealt staggering blows on Tienpa, a coastal town northeast of Kwangchowwan, on Nov. 1, when over 40 shells and 20 bombs were hurled on the shopping and residential districts. The casualties were fortunately slight owing to prior evacuation.

Eighteen Japanese aeroplanes yesterday afternoon bombed the outskirts of Liuchow, in Kwangsi, while six Japanese machines bombed Kwangchang, Kistui and Nanchen in Kiangsi.

No alarm was sounded in Chungking.

### ASTRONOMISTS FOREGATHER

KUNMING, Nov. 5 (Central).—The 15th annual meeting of the China Astronomical Society was held in Kunming yesterday. A report on the work of the Society the past two years was made and various proposals were discussed.

## WANG FACES NEW SNACS

### PUPPET REGIME PROJECT

CHUNGKING, Nov. 4 (Reuter).—Chinese newspapers this morning gave prominence to reports that Wang Ching-wei is again meeting difficulties in the establishment of his projected new puppet government.

#### TOKYO TALKS

Chinese reports from Shanghai and Hongkong allege that Wang Ching-wei proceeded on Nov. 2 by air to Tokyo for further discussions with the Japanese Government and Army leaders.

## ALLIES OBTAIN INVALUABLE ADVANTAGES

AMSTERDAM, Nov. 5 (Reuter).—Britain and France have obtained advantages of invaluable significance, says the Berlin correspondent of the Telegraf, commenting on the latest developments.

"Following the Anglo-Franco-Turkish Pact and repeal of the U.S. arms embargo, a new tendency is perceptible in the Balkans where developments are no longer entirely dependent on Germany and Russia."

## FRANCE TO FINANCE U.S. PLANE BUILDING

NEW YORK, Nov. 5 (Reuter).—According to reports in financial circles, France is advancing \$15,000,000 to finance the building of new American aircraft factories in order to accelerate production.

## NETHERLANDS TEST FLOODED AREAS

THE HAGUE, Nov. 5 (Reuter).—The Netherlands authorities have been testing how far the flooded areas can stop an invader's advance. Tanks were used for the purpose and one was bogged before reaching the water and another halted after travelling a few feet in the water.

### HYDERABAD AIR SQUADRON

LONDON, Nov. 5 (Reuter).—The Nizam of Hyderabad's gift of £100,000 would be utilised in forming a fighter-squadron to be known as the Hyderabad Squadron. Its crest would probably be that of the Nizam and also the motto, which is "Faithful Ally."

### ROME OBSERVES ANNIVERSARY

ROME, Nov. 4 (Reuter).—Italy is today celebrating the anniversary of the Italian victory in the Great War against Austria at Vittorio Veneto, which led to the Austrian collapse.

This morning Signor Mussolini and Crown Prince Umberto attended High Mass and various military celebrations are being held throughout the day.

### SEPARATISTS IN BAVARIA HELD

PARIS, Nov. 5 (Reuter).—Some 20 Munich citizens have been arrested and charged with complicity in the Bavarian separatist plot, according to a report from the German frontier.

### OCTOBER REVOLUTION CELEBRATION

## China Repays Gold Loans

CHUNGKING, Nov. 5 (Reuter).—The Ministry of Finance announces that the four Government banks, namely, the Central Bank, the Bank of China, the Bank of Communications and the Farmers' Bank, and also their agents in foreign countries, have been instructed to start payment on Nov. 1 on the repayment of the principal, as well as the interest, on the three Chinese gold flotations under the 27th year Gold Loan.

This comprises Customs Gold United Bonds, Sterling Bonds and United States Gold Bonds.

Lots to determine repayment of principal on the gold loan were drawn in Shanghai on Oct. 26. The sums to be redeemed total 300,000 Customs gold units, £30,000 and \$150,000 American gold dollars, respectively.

In addition, the four banks are to pay two and a half million gold units, £250,000 and \$1,250,000 U.S. dollars as the first interest payment on all three gold flotations.

[The Hongkong Daily Press published the drawn numbers and particulars from Thursday to Saturday last week.]

## NEUTRALITY BILL

Continued from Page 1

We shall succeed in this endeavour and I am satisfied that the new act will greatly assist in this undertaking."

In his neutrality proclamation, President Roosevelt declared: "A state of war unhappily exists between Germany and France, Poland, the United Kingdom, India, Australia, Canada, New Zealand and the Union of South Africa."

#### PROHIBITION AGAINST SUBMARINES

WASHINGTON, Nov. 5 (Reuter).—A proclamation was signed by President Roosevelt which prohibits any belligerent submarines entering ports of territorial waters of the United States, excluding the Canal zone, except when driven there by "force majeure," in which case they must enter and leave with the coming-tower and superstructure above water and flying their flag.

#### SHIPPING BAR

WASHINGTON, Nov. 5 (Reuter).—President Roosevelt has barred American shipping from an area extending from the north of Spain to Britain and the waters around Britain.

The ban also includes Eire, Norway (south of Bergen), Sweden, Denmark, the Netherlands and Belgium, all the Baltic and Bay of Biscay waters, except the waters adjacent to Spain's north-east coast. All neutral Mediterranean ports in the Pacific and Indian Oceans and south of the Canary Islands remain open.

In an explanatory statement accompanying his proclamation, President Roosevelt stated that he was empowered to use his discretion to permit American shipping to operate in the war zones where necessary, for example, for the evacuation of Americans.

#### FORCES CHEERED

LONDON, Nov. 5 (Reuter's Special War Service).—Toasting America and President Roosevelt was general at dinner tonight throughout the Air Force in France.

Staff officers of both the British and French Air Forces are more than convinced that, with this new guarantee, the German aircraft strength will be matched by Allied pilots and will be hard put to the issue of aerial warfare if, and when, it has to be faced in earnest.

The correspondent adds that a Soviet war on Finland would cause grief in Germany, but German friends of Finland are obliged to preserve a passive silence.

#### MORE PROMISING

HELSINKI, Nov. 5 (Reuter).—There is a more promising atmosphere in the talks proceeding in Moscow. The Finnish Cabinet which is meeting today will consider a report from the delegation and fresh instructions would be sent.

## FRENCH SUBMARINE SINKS U-BOAT

Continued from Page 1

#### GREEK SHIP GOES DOWN

LONDON, Nov. 5 (Reuter).—All members of the crew of the Greek steamer, Nicolades Emirikos, were rescued after the ship sunk following an explosion in the English Channel this morning. The ship was bound from North American with a cargo of grain.

LONDON, Nov. 4 (Reuter).—A 5,374-ton French freighter was sunk by a German submarine in the North Atlantic today.

Thirty-three of the crew have been safely landed at a French port, but two were killed in the explosion and 11 are missing.

#### FIFTEEN SURVIVORS

Fifteen survivors of a 1,300-ton Norwegian steamer were landed at an east coast port today. Their ship sank in five minutes after an explosion.

Three members of the crew are missing.

#### DANISH VESSEL

A Danish steamer sank after an explosion today. After the explosion the vessel was anchored and 40 of the crew took to the boats, being picked by fishing vessels.

A lifeboat from the ship stood by and later took off 14 remaining members of the crew.

#### NET GAIN

In the past week the British Merchant Marine has been strengthened by a net gain of nine ships, totalling 45,000 tons, after due allowances is made for ships sunk by enemy action. It is unlikely that the losses of 1917 will be repeated, since the anti-submarine campaign is proving extremely effective and enormous tonnage is under construction.

## NO SUCH REPORT RECEIVED!

PEIPING, Nov. 4 (Reuter).—The Japanese spokesman here is unable to confirm Japanese reports circulated in Shanghai stating that the shooting incident which took place at Yachow, near Hamchow, on October 27, when a Japanese sentry wounded two Canadian missionaries, had been settled.

The spokesman told Reuters correspondent that he had received no such report. The Shanghai report also stated that the missionaries had admitted that they were in the wrong.

## Craigengower's Cricket Future

Uncovering some batting talent against the University at Happy Valley on Saturday, Craigengower Cricket Club had the best of a drawn game with the undergraduates.

The home side batted first to declare at 184 for five wickets down, to which, total the University could reply with only 152 for seven wickets down before it was time to draw stumps.

Craigengower's success against a team that was tipped off in some quarters as ready to slay their giant, does indeed augur well for the future.

Last season, Craigengower made a very poor showing in league cricket, and with three of their better players transferring to the K.C.C. at the beginning of the present cricket season, the future of the Valley team in senior cricket did not look very promising.

Most encouraging to Craigengower's cricket future, was the success with bat and ball of A. J. Hulse. After contributing 28 runs to the Craigengower total, Hulse took one wicket for 27 runs.

## FULL RESULTS

Saturday's cricket results follow:—

At the Valley, University drew with Craigengower Cricket Club. Craigengower 124 for 5 wickets, dec. O. L. Youngs 48, E. Zimmerman 53, A. J. Hulse 28, R. Singh 3 for 55, University 152 for 7 wickets, (K. Lo 21, J. Tsui 22, K. S. Oh 38 not out, A. M. Omar 3 for 29).

At King's Park, Club de Recreio beat the Indian Recreation Club by six wickets. Indian R.C. 70 (A. H. Madar 21, M. P. Madar 17, E. L. Gosano 4 for 16, A. F. Pereira 3 for 16, C. N. Gosano 2 for 5), Recreio 108 for 7 wickets, (E. M. L. Soares 38, G. M. Gosano 25 retired).

At the Valley, Combined Units beat Civil Service Cricket Club by seven wickets. C.S.C.C. 85 (N. Ratcliffe 6 for 14, N. Boccocci 4 for 51), Combined Units 125 for 7 wickets, (W. Patterson 25, G. Denyer 24, A. E. Green 22 not out, R. Penton 3 for 56).

Gold Coin, Estover, and Plain View were the first to show up after a good start. ## RACE SIX

Mr. A. B. Proulx appeared to have badly misjudged his mount's capabilities in this event. Going all out from the start, Oak Bay who was strong favourite, took the lead and was an easy four lengths in front at the bend. The pony, however, appeared to have shot his bolt, and had Mr. Proulx used better judgment and conserved his mount in the early stages, he would not have disappointed Oak Bay's supporters.

As it was, he was beaten into fourth place with Jober, Peaceful View and Lancashire Lass passing him to provide the closest finish of the day.

Entering the straight, however, Jober and Peaceful View not only shortened the distance from the leader but passed him within the distance. Punters had a thrill when Lancashire Lass rushed out in a last minute challenge and was just able to snatch third place, Jober making a dead heat of it with Peaceful View for first place.

Sussex Handicap—Second Section "B" Class (6 Furlongs)

Bressay was third National Liberty and Meteor falling back to finish in the rear. Jack O'Lantern put up a late spurt to take fourth place.

## CLUB LOSE TO SAINTS

## GAME DECIDED BY FREAK GOAL

Playing remarkably well, St. Joseph's defeated the Hongkong Football Club by three goals to two in a well-contested game that provided many thrilling moments. This First Division game was played on the Club ground and was well attended.

The first goal was scored by the Saints in remarkable circumstances. Millington in an attempt to clear after Marvin, the clubs goalie had come out and failed to get the ball away, kicked the ball hard on Pereira's back. The ball rebounded into the open Club goal. Pereira then increased the Josephians' score after a brilliant solo effort following a long pass from Hussain.

MISSED CHANCES

The Club then strained every effort to score but after missing some splendid opportunities Bond took a nice pass from Scott to put in the Club their first. A few minutes later Lodge scored the equaliser from a neat pass by Bond.

Excitement rose as each side tried to increase its score and many were the anxious moments when a goal seemed imminent. Eventually Hussain took command and with a neat pass to Leonard who made no mistake, and the Saints found themselves again on the lead. Several scoring attempts by the Club failed and the final whistle blew with the score unaltered.

## DIVISION II

In the Second Division "A" Kit Chee defeated the 5th, A. A. Regt. by four to two. Ho Yan-kui was responsible for three of the Kit Chee goals while Chan Kwan-cheung scored the other. For the Regiment McCamley scored both goals.

JAN/MARCH	35-1/8	35-1/2	Up 3/8
APR/JUNE	34-5/8	34-3/4	Up 1/8

The market was steady.  
COTTON: Continued general demand advanced prices easily and the market was strong technically. A small amount of December liquidation was well absorbed. Sentiment was more favourable on the belief that the existence of shipping difficulties is likely to encourage the carrying of larger cotton reserves abroad.

RUBBER: Some factory buying was evident. The continued weakness in Sterling is a market factor.

WHEAT: Unfavourable weather news continued, but there was no new incentive to stimulate any follow-up buying on advances. The export market was quiet.

## NAVY OUTCLASSED CHINA, BUT NOT IN SENIOR DIVISION

### LEE WAI-TONG BRILLIANT CHINESE WIN BY 7-1 (BY "ACHILLES")

Although the Royal Navy were defeated by seven goals to one by South China "A" in the First Division Soccer League at Causeway Bay yesterday, the score is no indication of the trend of play or of the standard of football served by the sailors.

Playing as well, or even better than, they did when they lost to Eastern a week ago, the Navy attack was so well planned and executed that they deserved to have scored more than the solitary goal they got from the only penalty in the match.

But the Navy shooting lacked the punch that is necessary to beat Tam Kwan-kon, the South China goalie, who seems to be all hands and feet when his goal is being attacked. Yesterday he was as good as ever and brought off some really brilliant saves.

#### SOLO EFFORTS

The Navy forward line was attacking mainly from the left wing, and Middleton, the Navy left-winger, was conspicuous throughout the game for his perfect centering and frequent solo scoring efforts. He was well supported by Thorburn, but O'Regan appeared to be too well marked by the Chinese defence.

The game was not very fast, and the sailors played well right to the end, a feature of the match being the strong Naval attack on the Chinese goal during the last 15 minutes of play.

The onslaught, however, yielded no improvement to the sailors' score. It provided some thrilling moments for players and spectators alike, and, although the Royal Navy lost, I am sure the sailors were thoroughly satisfied that they were playing football at its best against one of the strongest teams in the Far East.

#### THE SCORING

At half-time the score was three-nil in favour of the South China. Fung King-cheong, Lee Wai-tong and Lai Shui-wing being the scorers.

Lee Wai-tong was the first to score in the second half. A penalty against South China, enabled Middleton to defeat Tam Kwan-kon with a neat shot round the corner of the posts, to give the sailors their only goal in the match.

Lai Shui-wing increased the Chinese lead with a good angle shot from fairly long range, and a few minutes later Lee Wai-tong, in a solo run from midfield, came to within six yards of Robinson, before putting the ball past the Navy custodian.

The last goal was netted by Lau Tau-man, who came fast down the wing and netted without meeting serious opposition. The Navy stormed the Chinese goal for the next 15 minutes, but without result.

#### THE TEAMS

The teams lined up as follows:  
NAVY:—Robinson; Roughley and Honeywell; Rayhe, Heney, Coles; Phippen, Allison, O'Regan, Thorburn and Middleton.

CHINA:—Li Kwok-ki; Wong Wah-kai, Li Kwok-wai; Yeung Shu-fai, Yeung Chi-cheung, Yee Kam-hung; Tin Yung-fat, Lau Fook-chuen, Cheuk Shakkam, Chau Man-chee, Yeung Pun-hon.

#### SECOND DIVISION

The R. A. F. defeated the Police by four goals to one in a Second Division football match played at Boundary Street yesterday.

#### POLICE DEFEAT KWONG WAH

Many thrills marked the First Division football match yesterday when the Police defeated Kwong Wah by two goals to one at Boundary Street. Unusual vigour and smart team work were responsible for the victory, which was well deserved.

The two most exceptional players in the field were perhaps the respective custodians, and a more generous score would have been registered but for their brilliant work.

The winning team did most of the attacking throughout the game, though Kwong Wah occasionally overturned the tables on them. For the first half of the match, play was frequently confined to the Chinese area, but thanks to the backs they were able to keep the score at nil. The police had a better chance to score, but their forwards lacked accuracy.

#### HOWARD OPENS SCORE

The first goal of the game was scored five minutes after the second half when Howard headed the ball into the net from a brilliant pass from Moss; and less than fifteen minutes later, Ferrier, inside left, delivered a hard shot from thirty yards distance.

For a time Kwong Wah fought desperately to make good of their opportunities, but were fanned off by fine "police work." Within a few minutes before the conclusion of the game, Lau Fook-man, inside right, scored the only goal for the Kwong Wah.

The teams were as follows:  
POLICE:—Taylor; Blackburn, Pile; Mui Shui-ki, Gough, Pope; Wong Man-kwai, Howard, Fan Kwai-choi, Ferrier, Moss.

#### KWONG WAH:—Li Kwok-ki;

Wong Wah-kai, Li Kwok-wai; Yeung Shu-fai, Yeung Chi-cheung, Yee Kam-hung; Tin Yung-fat, Lau Fook-chuen, Cheuk Shakkam, Chau Man-chee, Yeung Pun-hon.
